4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.

LINE 510 - SERVICE QUALITY STANDARDS AND CONSUMER PROTECTION RULES COMPLIANCE

Panhandle Telecommunication Systems, Inc. (“the Company”) complies with applicable service quality standards and consumer protection rules for its voice and broadband services.

The rates, terms, and conditions under which the Company operates are outlined in its local exchange tariff, which is filed with the Public Utility Commission of Texas (“Texas PUC”). The tariff contains provisions regarding the Company’s customer service and protection practices.

Service quality standards for voice service are established by the Texas PUC and the Company consistently meets or exceeds those standards applicable to non-dominant local exchange carriers.

With regard to broadband service, the Company provisions its network and equipment to ensure that its customers can enjoy the speeds to which they subscribe. However, Internet speeds generally result from a “best effort” service and are dependent upon a number of variables, many of which are outside the control of the Company. The Company also complies with the FCC’s Open Internet rules, 47 C.F.R. §§8.3-8.11. These rules prohibit blocking, throttling, and paid prioritization, and also require the Company to publicly disclose information regarding its network management practices, performance, and the commercial terms of its broadband services.

The Company complies with any and all consumer protection obligations under state law.

The Company also complies with the following consumer best practices: (1) the Company discloses its rates and terms of service to customers; (2) the Company provides specific disclosures in its advertising; (3) the Company separately identifies carrier charges from taxes on its billing statements; (4) the Company provides ready access to customer service; (5) the Company promptly responds to consumer inquiries and complaints received from government agencies; and (6) the Company abides by policies for protection of consumer privacy.

Finally, the Company has a policy and established operating procedures that comply with the FCC’s Customer Proprietary Network Information (CPNI) rules (47 C.F.R. §§64.2001-64.2011).

LINE 610 – FUNCTIONALITY IN EMERGENCY SITUATIONS

Panhandle Telecommunication Systems, Inc. (“the Company”) is able to function in emergency situations for both voice and broadband service. The Company has a reasonable amount of back-up power to ensure functionality without an external power source. Standby power generators are at the central offices, as well as strategic locations to be deployed as needed to ensure functionality without an external power source until power is restored. The network is capable of managing traffic spikes resulting from emergency situations.

The Company is able to reroute traffic around damaged facilities. Although the Company’s ability to reroute traffic around damaged facilities is not absolute and may be limited in certain circumstances, there is a restoration plan in place for expeditious recovery of service, including splicing of damaged facilities when warranted.

LINE 1010 – VOICE SERVICES RATE COMPARABILITY

The Wireline Competition Bureau's 2017 reasonable comparability benchmark for voice services is \$49.51, which includes the federal subscriber line charge ("SLC").¹

Throughout the area served by Panhandle Telecommunication Systems, Inc. ("the Company"), the single-line residential local rate as of January 1, 2017 was \$19.50. The Company does not assess a federal SLC. Therefore, the Company's pricing of fixed voice services is less than the reasonable comparability benchmark of \$49.51.

LINE 1210 – TERMS & CONDITIONS OF VOICE TELEPHONY LIFELINE PLANS

Residential customers of Panhandle Telecommunication Systems, Inc. (“the Company”) who qualify for the Lifeline Program receive a discount of \$14.40 on local voice telephony service (\$9.25 federal discount + \$3.50 state discount + \$1.65 additional state discount per Texas USF Settlement Docket No. 34723).

Throughout the Company’s service area, the Lifeline single-line residential rate is \$5.10 (\$19.50 standard rate - \$14.40 discount).

All single-line residential customers, including Lifeline customers, have an unlimited number of minutes for calls made within their local calling area.

Toll charges for calls outside of the local calling area are determined by the long distance carrier of the customer’s choosing. Customers may elect to subscribe to toll blocking at no charge.

The Company does not disconnect the service of Lifeline subscribers for the non-payment of toll charges. However, the Company reserves the right to implement toll blocking, at no charge, if the customer incurs a significant balance of unpaid toll bills.

Lifeline Program reductions do not apply to additional services such as custom calling features. Lifeline customers may subscribe to these services, where available, at the same rates offered to other customers.

Additional information regarding the terms and conditions of voice telephony Lifeline plans can be found at <http://www.ptci.net/about/lifeline/>.
